Radars Speed Display Signs Manufacturing & Sales

RU2 Fast 2000 Radar Speed Displays

The RU2 Fast 2000 Series Radar Speed Display... A new class of Radar Speed Signs.

The RU2 Fast 2000 Radar Speed Displays are Industrial Grade product designed specifically for use on highways and other high speed applications. The 36" tall full-matrix characters are built from current generation AllnGaP high intensity amber LED's and are clearly read from well over 2000 feet away, day or night. Two scrolling/static Message Lines lend the 2000 full time VMS service as well.

The display is protected with GE Lexan® shielding and adjusts brightness to the ambient light conditions for maximum viewing automatically. The casework is all heavy wall aluminum, polyester powder coated for protection, inside and out.

Everything you're looking for in a Radar VMS!
