Radar Speed Display Signs Manufacturing & Sales

RU2 Fast 400

Over-Under Pole Mount Radar Speed Display Signs

End the Confusion! End the Debate!

The RU2 Fast-400 is an over/under sign that has a changeable speed limit as well as the oncoming vehicle speed display. This 12" character sign is ideal for school zones, construction zones or residential streets where the speed limit changes on a regular basis. Optional timer hardware allows for custom speed limit changes scheduled for each day of the year. In addition, several optional Violator Alerts are available including an embedded "SLOW" message and our flashing Red/Blue bars, particularly effective at night.
